Subject: RE: Administrator talking points

Importance: High

This is a real priority today. Please make the 5pm.

Andrew is doing the daily briefing at the WH for the WH correspondents on Tuesday morning. We will literally not see him before then with travel and Monday being a holiday. We need you to prioritize this and contribute any further issue which you believe he may be asked about.

Subject: RE: Administrator talking points

Hello AA's and Team,

Friendly reminder that updates/edits are due to me no later than 5pm today. The Administrator has a briefing scheduled with national media, and will need this information.

I did receive comments from OLEM, thank you Peter.

Thank you!

Hello AA's and Team,

I am updating the 'Hot Topics' talking points for the Administrator. This document is not for public dissemination but is for his use in answering question from the media. This was compiled from talking points from speeches, factsheets, and briefing materials. So nothing in here is new.

We need your teams to look over your respective issues and ensure these are current and up to date. Also, if there are issues I have missed, please let me know. This is fairly comprehensive in subject matter, but we are looking for topline in regards to points, that is why some sections are shorter than others (LCR is the highlight for this doc, so it is longer, CA has a number of issues, so it is longer, etc). If you feel the Administrator needs more info on one of your issues, please send a separate one-page briefing paper to us, as well.

Please let me know if you have any questions. We are on a tight and hard deadline...please have your edits to me no later than 5pm tomorrow (Thursday, Oct. 10).

Thank you!

Corry Schiermeyer

Associate Administrator

Office of Public Affairs

Environmental Protection Agency

Schiermeyer.corry@epa.gov
